Mumbai: Verification of data submitted by 152 medical aspirants revealed that not only are their documents "questionable", but their personal details are also fake. Officials confirmed the state Common Entrance Test (CET) cell has now sought detailed background information on all 152 students from the Medical Counselling Committee (MCC), which functions under National Medical Commission (NMC).

These students reportedly uploaded questionable certificates and entered fake phone numbers

The move comes after a TOI report Monday titled 'Seats confirmed elsewhere, yet other state candidates block MBBS seats in Maharashtra'. After the report, the CET cell received complaints about discrepancies in documents of several applicants.
